M. FARHAN RAMADHAN

Front End Developer | React JS & Next JS Developer
frhn.r3@gmail.com | 0895-1847-9213 | LinkedIn | Portfolio | Github
Padang, West Sumatra, Indonesia

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive, production-ready web interfaces using React.js, Next.js, and Tailwind CSS. Skilled in consuming and integrating RESTful APIs, implementing authentication and Role-Based Access Control (RBAC) flows, and delivering server-side rendered (SSR) applications with strong UX consistency. Experienced collaborating cross functionally with backend engineers and UI/UX designers to ship dashboards and production-ready internal tools. Brings an analytical foundation from a Physics background (Computational and Instrumentation) and a demonstrated ability to solve complex technical problems in fast-paced development environments.

TECHNICAL SKILLS

Frontend Development: React.js, Next.js, Tailwind CSS, shadcn/ui, Material UI, Responsive Web Design, Server-Side Rendering (SSR)

Programming Languages: JavaScript / TypeScript, Python, Go (Golang), PHP

API Integration & Backend Collaboration: RESTful API Development, Go, Gin Gonic, Laravel, Express.js, FastAPI

Databases & ORM: PostgreSQL, Supabase, MySQL, GORM, Prisma, Drizzle

DevOps & Tools: Docker, Kubernetes, Minikube, Linux, Git, GitHub, Bruno (API Testing)

Core Concepts: Authentication & Authorization, Role-Based Access Control (RBAC), Component-Based Architecture, Code Review, Agile Collaboration, Technical Documentation

PROFESSIONAL EXPERIENCE

Data and Program Staff (Honorer staff) **Nov 2025 - now**
LPPM Universitas Andalas

- Maintain and administer the official LPPM WordPress website, ensuring uptime, reliability, and up-to-date institutional information.
- Manage website administration including plugin configuration, content updates, and troubleshooting to support institutional digital services.
- Develop and update website content, pages, and system features to enhance information accessibility.
- Support institutional digital communication strategy across website and social media channels.

Backend Engineer (Internship) **Mar 2026 - Jul 2026**
PT. DOT Indonesia

- Developed and maintained RESTful APIs for a payroll management platform supporting multinational business operations and employee compensation processes, using Go, Gin Gonic, PostgreSQL, and GORM.
- Implemented Clean Architecture with a repository-service design pattern, improving code maintainability, testability, and long-term scalability of backend services.
- Optimized database queries and schema design to improve application performance and reduce response latency.
- Strengthened structured error handling and validation logic to increase backend reliability.
- Conducted peer code reviews, debugging, and technical documentation to support high-quality, team-based software delivery via Git/GitHub version control.

Frontend Engineer (Internship) **Sep 2025 - Nov 2025**
CV Koding Data

- Developed core frontend modules for a multi-role ERP dashboard system covering HR, Admin, and Finance operations, using Next.js and Tailwind CSS.
- Engineered RESTful API integrations powering attendance, leave, and claim management workflows across the ERP platform.
- Designed and implemented Role-Based Access Control (RBAC) with authentication flows to enforce permission boundaries across distinct user roles (HR, Admin, Finance).
- Collaborated with backend engineers and UI/UX designers in a cross-functional team to deliver production-ready, responsive interfaces for enterprise-scale internal tooling.

PROJECTS

Portal News

***Fullstack Development**, Tech Stack: Next.js, Go, PostgreSQL, Gin* | ***Github**: link (FE); link (BE)*

- Developed a performant news portal leveraging Next.js for dynamic server-side rendering.
- Built a custom Go backend to serve APIs and manage data efficiently.
- Implemented real-time comment functionality using WebSockets, enhancing user interaction.

EDUCATION

S.Si - Phyiscs **Aug 2020 - Aug 2024**
Universitas Andalas | GPA 3.57 / 4.00
Concentration: Computational and Instrumentation Physics.
