M. FARHAN RAMADHAN

Back End Developer | Go & Laravel Developer | Node JS
frhn.r3@gmail.com | 0895-1847-9213 | LinkedIn | Portfolio | Github
Padang, West Sumatra, Indonesia

PROFESSIONAL SUMMARY

Backend Developer with hands-on experience designing and building scalable RESTful APIs using Go (Golang), Gin Gonic, and Laravel, with strong database design skills across PostgreSQL, Supabase, and MySQL. Skilled in implementing Clean Architecture and repository-service design patterns, secure authentication and Role-Based Access Control (RBAC), and optimizing database queries and schema design for performance and reliability. Experienced with Docker, Kubernetes, and Git/GitHub workflows to deliver reliable, production-ready backend services. Brings an analytical foundation from a Physics background (Computational and Optic Instrumentation) and a demonstrated ability to solve complex technical problems in fast-paced, cross-functional development environments.

TECHNICAL SKILLS

Backend Development: Go, Gin Gonic, Laravel, Express.js, FastAPI, RESTful API Development

Databases & ORM: PostgreSQL, Supabase, MySQL, GORM, Prisma, Drizzle

Programming Languages: Go (Golang), JavaScript / TypeScript, Python, PHP

DevOps & Tools: Docker, Kubernetes, Minikube, Linux, Git, GitHub, Bruno (API Testing)

Core Concepts: Clean Architecture, Repository-Service Pattern, Authentication & Authorization, Role-Based Access Control (RBAC), WebSockets, Code Review, Agile Collaboration, Technical Documentation

PROFESSIONAL EXPERIENCE

Data and Program Staff (Honorer staff) **Nov 2025 - now**
LPPM Universitas Andalas

- Maintain and administer the official LPPM WordPress website, ensuring uptime, reliability, and up-to-date institutional information.
- Manage website administration including plugin configuration, content updates, and troubleshooting to support institutional digital services.
- Develop and update website content, pages, and system features to enhance information accessibility.
- Support institutional digital communication strategy across website and social media channels.

Backend Engineer (Internship) **Mar 2026 - Jul 2026**
PT. DOT Indonesia

- Developed and maintained RESTful APIs for a payroll management platform supporting multinational business operations and employee compensation processes, using Go, Gin Gonic, PostgreSQL, and GORM.
- Implemented Clean Architecture with a repository-service design pattern, improving code maintainability, testability, and long-term scalability of backend services.
- Optimized database queries and schema design to improve application performance and reduce response latency.
- Strengthened structured error handling and validation logic to increase backend reliability.
- Conducted peer code reviews, debugging, and technical documentation to support high-quality, team-based software delivery via Git/GitHub version control.

Frontend Engineer (Internship) **Sep 2025 - Nov 2025**
CV Koding Data

- Developed core frontend modules for a multi-role ERP dashboard system covering HR, Admin, and Finance operations, using Next.js and Tailwind CSS.
- Engineered RESTful API integrations powering attendance, leave, and claim management workflows across the ERP platform.
- Designed and implemented Role-Based Access Control (RBAC) with authentication flows to enforce permission boundaries across distinct user roles (HR, Admin, Finance).
- Collaborated with backend engineers and UI/UX designers in a cross-functional team to deliver production-ready, responsive interfaces for enterprise-scale internal tooling.

PROJECTS

Portal News
***Fullstack Development**, Tech Stack: Next.js, Go, PostgreSQL, Gin | **Github**: link (FE); link (BE)*

- Developed a performant news portal leveraging Next.js for dynamic server-side rendering.
- Built a custom Go backend to serve APIs and manage data efficiently.
- Implemented real-time comment functionality using WebSockets, enhancing user interaction.

EDUCATION

S.Si - Phyiscs **Aug 2020 - Aug 2024**
Universitas Andalas | GPA 3.57 / 4.00
Concentration: Computational and Instrumentation Physics.
